

NGSPA NEWSLETTER

In the July 2019 issue of the AKC Board Meeting Minutes, the Board VOTED to amend the retrieving requirements in the Field Trial Rules and Standard Procedure for Pointing Breeds to change how a dog's ability to retrieve is assessed in Pointing Breed Field Trials by awarding retrieving credits for placements in addition to those that currently earn points, depending on the size of the stake. To be awarded a FC or AFC title a dog must earn 10 championship points by placing in Open or Amateur stakes. Additionally, the four retrieving breeds (GSP, Vizsla, Weimaraner and GWP) must demonstrate their ability to retrieve by earning four retrieving credits, according to the following schedules:

# OF STARTERS	OPEN STAKES				AMATEUR STAKES			
	1st	2nd	3rd	4th	1st	2nd	3rd	4th
4 to 7	1	0	0	0	1	0	0	0
8 to 12	2	1	0	0	2	1	0	0
13 to 17	3	1	1	0	3	1	1	0
18 to 24	4	1	1	1	4	1	1	1
25 or more	5	2	1	1	5	3	1	1

Retrieving credits earned in Amateur stakes may count toward a dog's Field Championship title provided the credits were earned by winning first place in an Amateur retrieving stake. This change will become effective January 1, 2020. Retrieving credits will NOT be calculated retroactively prior to the effective date.

UPCOMING NGSPA CHAMPIONSHIPS AND FIELD TRIALS

Following are a list of "Projected Dates" for the fall Field Trial season. Please note that most of these dates have not been confirmed at this point.

SHARPTAIL CHAMPIONSHIPS

August 31, 2019 to conclusion
Baker, MT
Stakes Offered: ASD, AAA, OAA, OSD & Derby Classic
OAA Judges: Keith Bryant & TBA
AAA Judges: Mark Johnson & Eldon Hongo
OSD Judges: Mike Mullineaux & TBA
ASD Judges: Mark Johnson & Eldon Hongo
Derby Judges: Milke Mullineaux & TBA
Contact Information:
Tom Davis, Chairman
4441 Mitchaw Road
Sylvania, OH 43560
Home Phone: 419-843-5344
Cell Phone: 419-205-5686

DESERT GSPC (Dual Sanctioned Trial)
September 6-8, 2019
CC Cabin Meadows, near Greens Peak
White Mountains, AZ
Stakes Offered: OAA, OLSD, OSD, ASD (walking), ASD, OP, and OD
Contact Information:
Chet Soberay
14636 N 25th Avenue
Phoenix, AZ 85023
Email: chet_wkya@msn.com

SANDHILLS GREATER PRAIRIE CHICKEN CHAMPIONSHIPS

September 10, 2019 to conclusion
Dunning, NE
Stakes offered: OSD, AAA, ASD, AA and Derby Classic
OSD Judges: Chad Inderman & Joe Orndorff
AA Judges: Eldon Hongo & Tom Davis
ASD Judges: Eldon Hongo & Tom Davis
OAA Judges: Bruce Bryant & Alan Davison
Derby Classic Judges: TBA
Contact Information:
Robin Lambourn, Field Trial Secretary

2019 NGSPA INVATIONALS INFORMATION SHEET

June 15, 2019

NGSPA OPEN SHOOTING DOG INVITATIONAL

12-1-19 Sunday	Drawing for OSDI at Dinner
12-2-19 Monday	Day 1 Running
12-3-19 Tuesday	Day 2 Running
12-4-19 Wednesday	Day 3..Call Back of Top Dogs

NGSPA AMATEUR SHOOTING DOG INVITATIONAL

12-5-19 Thursday	Day Off. Drawing for ASDI at Dinner
12-6-19 Friday	Day 1 Running
12-7-19 Saturday	Day 2 Running
12-8-19 Sunday	Day 3..Call Back of Top Dogs

JUDGES: OSDI: tba
ASDI: tba

THE RUNNING: Dogs will compete in one hour heats on a challenging, three hour continuous course. The second day dogs will be braced so that they will run with different dogs, over a different course, and AM dogs will run in the PM and vice versa. Amateur competitors are encouraged to arrive early and ride the OSDI to get an understanding of the course. For details please refer to: "Guidelines for Invitationals".

UNIQUE GROUNDS: The Invitationals are the only trials for GSPs held on these grounds. No training of GSPs is allowed. The grounds are reserved for AF Pointer/Setter trials. We will hold the Invitationals at Larry Smith's farm in Gentry, MO, where they have been held since inception, 2012.

BIRDS: Quail are liberated during previous trials and during the Invitationals. They are challenging birds and may be found in coveys or single birds. Birds are equally distributed throughout all three courses, and are generally planted early each morning. About 500 are released during each Invitational.

DAY OFF: A day off between the two Invitationals will give a day's rest to any dogs running in both.

NEAREST AIRPORT: Kansas City, Kansas.

NEAREST HOTEL: Countryside Inn, Albany. Reservations call Bonnie: 660-726-5633. They only have ten rooms. All double queen-beds with refrigerators. Book immediately if possible. You can call and cancel two weeks before if necessary. Or call Charmagne Hughes' cell 816-261-3268. She prepares our dinners and has a remodeled facility in Denver, MO. Cost is \$50 cash per night. Bethany is the nearest larger town with lodging.

DIRECTIONS: Address is Smith Farms, 5002 State Hwy O, Gentry, MO 64453. In the past Google Maps takes you by it. The big white farm house is just off the road and a Purina sign on the front porch. The cutoff to the town of Gentry is about one mile north.

MEALS: Breakfast and lunch on site. We lost our spot where dinners were being held and are looking at alternative sites. Site not determined yet. There is a daily meal charge of \$35 per person.

DRESS: In keeping with the tradition of this event, a coat and tie "special night out" dress code would be appreciated.

OTHER: Some electricity on site for rigs. Horses available for rent with advance notice to Triple J.

ENTRY FEES: The entry fee for the OSDI is \$400, and the ASDI is \$400. There is a \$5,000 cash prize for the Open and a saddle for Amateurs, plus many more gifts and prizes.

QUESTIONNAIRE: A questionnaire is attached. Please complete it ASAP! Many aspects of this event require a lot of advance planning by many people.

**NGSPA SHOOTING DOG INVATIONALS
GUIDELINES AND PHILOSOPHY
(REVISED June 15, 2019)**

GUIDING PRINCIPLES/PHILOSOPHY

Beginning in 2016 the NGSPA began holding two Invitationals: the Open Shooting Dog Invitational (OSDI) which was first held in 2012, and the Amateur Shooting Dog Invitational (ASDI) first held in 2016. Both events provide a unique qualifying standard for the GSP Shooting Dog.

By limiting the entry to the twelve highest ranking performers from the previous 12 month's major trials, the NGSPA Invitationals have become the "de facto" all-star events for the open shooting dog class. They are not intended to identify a champion performer, but to establish the "best of the best" from a field of champions.

To fulfil this purpose, the Invitationals feature a unique format intended to provide a fair and rigorous test for the dogs. By requiring three hours of performance over three days of competition, the Invitational format eliminates, to the extent possible, the "luck of the draw", and requires consistency of effort rather than a single flash of brilliance. Further, the Invitationals are the premier endurance tests offered by the NGSPA and are intended to exemplify the endurance of the open shooting dog at its best. Our format is modeled after the American Field Open Quail Championship Invitational which was first held in 1941, and the AFTCA Invitational.

STANDARDS FOR BOTH OPEN AND AMATEUR SHOOTING DOG INVATIONALS

The Shooting Dog Invitational Champions must demonstrate the requisite qualities of the shooting dog class at a high level. The invitational Champion must:

- Hunt boldly and independently throughout the brace, but not requiring excessive direction from the handler, or excessive scouting.
- Demonstrate qualities of the finished dog by consistent coursing to logical objectives, responsiveness to the handler, and maintaining a forward pattern.
- Exhibit strength, courage, and an unquenchable desire to find game regardless of cover or conditions, not simply choosing the easy path but hunting through habitat likely to hold game.
- Exhibit style, speed and stamina in action.
- Handle game correctly. Locate and point birds quickly and accurately, honor point if the occasion arises, and be steady to wing and shot.
- Demonstrate extreme character and finish around game, exhibiting style, intensity, and polish.

The Invitationals seek to identify the epitome of the shooting dog class, an individual with strength, courage, intelligence, and "game sense" at the highest level. A flawless performance of pedestrian quality should not be favored over one that, although imperfect, thrills with the magnitude of the effort.

FORMAT

- The location, dates and judges will be selected by the governing Associations.
- One day between events allows dogs in both to have one day off. No other special accommodations will be made.
- The ideal location will provide neutral grounds where no other GSP Championship is held. Nor will the grounds be available for GSP training. They will offer excellent and challenging shooting dog cover and terrain. They will offer at minimum three one-hour continuous courses with each hour section offering comparable terrain and challenges to the other two.
- Excellent infrastructure is important to conducting an event of this stature.

- The dates will be in late November or early December.
- The ideal judges will possess “best of class” reputations with a proven history of having judged top level Championships throughout the country. Preference will be given to judges with little or no experience adjudicating GSPs and GSP handlers.
- Twelve dogs will be selected from the 12 months beginning June 1 in year “X”, and ending May 31, in year “X+ 1”. This deviation from the normal calendar-year allows time to train and prepare without allowing excessive time to lapse between qualification period and trial date.
- The prior year’s winner will be the first dog invited. The remaining dogs will be invited based upon their appropriate “Dog of the Year” points, adjusted to the Invitational 12-month cycle. The point structure is from the Handler of the Year/Dog of the Year points system, but limited to all NGSPA Championships and Nationals. The dogs will be invited based upon the order of their final earned points with the highest point earner being invited first and so on. Dogs whose owners have declined the invitation will be replaced by the next dog in order, until there is a field of 12.
- The ASDI dogs must be amateur owned and handled.
- Sufficient birds will be released to provide numerous opportunities to locate and point game.

RUNNING GUIDELINES

- All three day’s performances will be evaluated by the judges to determine the Champion.
- The judges will consider that some so called “accepted rules of performance” are merely guidelines and not rules. Especially considering three days of performance vs. one. Examples may be : “two unproductives and you are out”, or “a bird taking flight during a relocation automatically means that bird was “bumped or knocked”, or “a dog seen packing a bird is an automatic fault“.
- The duration of the heats for all three days shall be one hour.
- Dogs shall be run in braces except for the possibility of a dog becoming sick or injured on the first day so as not to run the second day. Then one dog will run as a “bye” dog.
- Drawing and bracing is unique to this event. First day dogs are drawn as usual. Second day’s bracing will be made by the trial officials so that all dogs will have a different brace-mate, a different course, and those dogs having run in the morning will run in the afternoon and vice versa. The only exception being bitches in season which must be run on a course that will not be used again that day. In this case the bitch in season plus two more bitches must be drawn for the same half day. Call-back bracing to be made by trial officials in consultation with judges.
- Dogs shall not be ordered up in the first two days for any reason other than interference. The overall quality of the performance over the two days will be evaluated as the judges identify the “call-back” dogs at the close of the second day.
- A dog does not have to be seen at the end of the brace in the first two days of running. A brace is complete when the judges call time. The dog must be seen after the end of the brace on the third day. The time allowed to show the dog is in accordance with normal Championship guidelines.
- If a handler pulls out his tracker or puts his dog on a lead at any point in the running before the judges call time, then the dog is out of contention for the entire trial. The dog shall not be returned to judgement.
- In the face of adverse weather or conditions, the judges shall decide whether to postpone the running and for how long. If during the running of a brace, then they may decide to either rerun the brace, or wait out the weather and restart the clock. If substantial time is lost so that the running cannot be completed in a day, the running schedule may be adjusted, but any accommodations made will not cause any dog to run two one-hour heats in one day.
- Dogs called back by the judges will run the third day. These will be the best dogs in their judgment, not necessarily “perfect” dogs. A minimum of four call-back dogs is recommended, but the number is up to the judges.
- As with the first two days, interference should be the only reason for ordering up a dog during the third day. The standards of running and the weight of the third day’s running shall be the same as the

first two days. A flawless three-day performance of pedestrian quality should not be favored over one that, although imperfect, thrills with the magnitude of the effort. The Champion will be named considering all three performances.

- Stamina is to be given prime consideration and especially on the third day, and particularly the last ten minutes of the third day. The Champion should finish time with range and speed undiminished.
- All ties which have a possibility of affecting the invited dog lists will be broken by a random draw conducted by the NGSPA Board at their June meeting.
- A Runner-Up shall not be declared.

**2019 NGSPA OPEN ALL-AGE INVITATIONAL
INFORMATION SHEET
July 31, 2019**

NGSPA OPEN SHOOTING DOG INVITATIONAL TIME LINE

01-03-20 Friday	Drawing for OAAI at Dinner
01-04-20 Saturday	Day 1 Running...60 minutes
01-05-20 Sunday	Day 2 Running...60 minutes
01-06-20 Monday	Day 3.Call Back of Top Dogs...90 minutes

JUDGES: TBD

THE RUNNING: Dogs will compete in one hour heats on a challenging, three hour continuous course. The second day dogs will be braced so that they will run with different dogs, over a different course, and AM dogs will run in the PM and vice versa. On the third day the dogs called back will run for 90 minutes. For details please refer to: "Guidelines for OAA Invitationals".

UNIQUE GROUNDS: This event will be held at the Hell Creek WMA, Myrtle, MS. There are three one-hour courses. At present no GSP trials are held on these grounds, nor is training of dogs allowed. We were fortunate to get this time slot as these grounds are in high demand, with very limited dates available. These grounds are well recognized as Championship All-Age grounds.

BIRDS: Quail are liberated during previous trials and during the Invitational. About 500 birds will be released.

NEAREST AIRPORT: Memphis is the best airport and under a 90 minute drive.

DIRECTIONS TO GROUNDS FROM NEW ALBANY, MS. Hell Creek WMA (Wildlife Management Area), 4120 County Road 825, Myrtle, MS 38650. Directions: Hell Creek is located in Union and Tippah Counties near New Albany. From New Albany, take Hwy 15 north toward Ripley. At Cotton Plant community turn left onto County Road 825. Headquarters building is 3.5 miles on the right. The drive takes 25 minutes. If you have any questions regarding Hell Creek call (662) 685-4508.

NEAREST HOTELS: Best nearby town for hotels is New Albany. Hampton Inn is a good choice, 320 Coulter Cove, New Albany, MS 38652. 662-534-7722. The drive is easy and about 30 minutes tops.

MEALS: Meals on site. There will be a charge of \$35 per person.

DRESS: In keeping with the tradition of this event, a coat and tie "special night out" dress code for dinner would be appreciated.

OTHER: Electrical hook-ups are available. Some electricity on site for rigs. Cost is \$10 per night. Horse rentals are possible if requested immediately (call Keith). Last year no one wanted rental horses.

ENTRY FEES: The entry fee is \$400. There is a \$5,000 cash prize plus other gifts and prizes.

QUESTIONNAIRE: A questionnaire is attached. Please complete it ASAP!

STANDARDS AND GUIDELINES FOR THE NGSPA ALL-AGE CHAMPION**July 1, 2019**

The NGSPA All-Age Champion must demonstrate the requisite qualities of the All-Age class. These standards apply to the All-Age National Champion, the Invitational Champion, and Regional and Species All-Age Champions equally. No distinction is to be made between Open and Amateur stakes. This document deals with the standards and guidelines which apply to the All-Age GSP as a distinct class from the Shooting Dog. It does not cover guidelines and practices common to both. Please refer to the *Guidelines to Field Trial Procedure and Judicial Practice* on www.aftca.org under Clubs and Trials, or request a bound book. You will find it an invaluable guide for all competitors and judges of field trials. Some important excerpts are quoted below referring to "*The AFTCA Guide*."

GENERAL DISTINGUISHING QUALITIES

The AFTCA Guide (23) states: "The familiar capsule description of the all-age dog, attributed to old-time trainer Jim Avent, declares that he (or she) is a dedicated hunter of upland game birds which 'runs off-but not quite'. The all-age dog is a free spirit and fills up all the available country (plus a little) in a bold and sometimes reckless manner, yet ultimately acknowledges the control exerted by his handler and courses to the front in such a pattern as to maintain periodic, suitable contact with the handler. The really intelligent and accomplished all-age dog exhibits the knack of "showing" at strategic, distant, forward points...." "He may frequently pass from view, only to show again after a lapse of time, or to be discovered by handler or scout pointing game" "He should exude animation and happiness with the task at hand," and run with a ground-grabbing gait that is pleasing to watch.

"ALL-AGE" APPLICATION TO COURSE

The All-Age dog uses the wind and terrain to his advantage as he hunts his way out to the extreme limits of the course in an efficient ground-covering manner. Consistently to the front, he maintains remote often unseen contact with his handler by quick glances and use of his acute hearing. His keen nose allows him to hunt quickly past likely cover without slowing for a methodical search.

He often bypasses off-line objectives that a shooting dog may search. This must be distinguished from line-running without apparent purpose which is a fault. Taking a long edge of good cover at speed and disappearing to the distant front is not to be considered line running, but is most often an intelligent, efficient move, while breaking off of that line is normally not desirable.

PACE AND ADHERANCE TO COURSE

The AFTCA Guide (19) says: "A judge should ride at a reasonable pace and be in a reasonable place to see...." "A judge is not obligated to follow a handler at all times, but he should ride and take advantage of the terrain, such as a hill, to see what the dog is doing. Laying back with the gallery and following in horse tracks on a course is not an acceptable performance of a judge." "A judge must keep foremost in his mind the selection of the best dog or dogs to win the trial." The judge's pace and course of travel is secondary and must never become an impediment to his search for the best dog.

The AFTCA Guide (25) says: "The handler must show his dog to the judges while proceeding at a reasonable pace and at a reasonable distance in front of the field trial party." Excessive wild riding is not permitted, and while the perfect picture may be to maintain a 20 to 50-yard distance in front of the judges, this is often too restrictive for the All-Age handler whose dog is often "on-the-edge" of "running-off but not quite." He often needs to handle more aggressively than he would in a shooting dog stake. To show his dog may require him to speed up and ride off path to gain an obvious vantage point or to cover one side of a wide and long field while his scout covers the other. The judge will evaluate if the dog is making independent moves or is being pushed around the course. The handler is to show his dog without becoming the "show."

The movement of judges and handlers may be better described by talking about “rhythm” rather than “pace.” The field trial is a moving, flowing, changing event with each brace, and judges’ efforts to adhere to a fixed pace of travel and a fixed course may be at odds with the natural rhythm of this flow. The speed of travel ebbs and flows. It may slow to allow the dog to hunt an especially challenging area such as a rocky, brushy hillside, and it may speed up as everyone is approaching a known lookout or a dog on point, then it may become moderate as the course passes through a wide and long bottom. A judge may break off the course to gain a view point or a different perspective. He is not bound to a fixed path. Always there is the excitement of being carried along by the magnificence of a championship All-Age performance.

SCOUTING THE ALL-AGE DOG

The AFTCA Guide says (24,25): “The scout’s sole duty is to locate the dog...” “If the dog is not pointing, he is to heel the dog via the shortest route possible in regaining the front.” The All-Age scout has a challenging job. He is to search for the dog in an effort to find it standing, bring it to the front if he finds it behind, or find a vantage point to locate the dog and call it out to judges and handler. He has a lot of ground to cover and often does not know which way the dog went, so he tries to search it all. He tries to guess which direction the dog took and uses the terrain and vantage points to locate him. At times this seems an impossible task and often requires a more free-wheeling effort than that of a shooting dog. The scout must never herd the dog around the course or even appear like he is herding the dog. This makes the dog appear to lack independent intelligence. The most important rule for the scout is: NEVER GET IN FRONT OF THE JUDGES.

ABSENCES DURING THE HEAT

The AFTCA Guide says: “the customary rule for a single period of absence from judgment is 1/3 of the heat, or twenty minutes in an hour heat. The judge has discretion in application of this rule, as well as the timing of the absence. Consideration should be given to a dog found standing on point (32).” This is a guideline, and if this is their top dog, the judges might stretch out that 20 minutes. An All-Age dog is given more freedom to range, and should not be unduly penalized for periods of absence. When seen after an absence he should be to the front or standing on game. In most cases a dog which is constantly in sight is likely not manifesting an All-Age run. On the other hand, multiple extended absences may detract.

ADJUSTING RANGE TO COVER

The intelligent All-Age dog adjusts his range from his handler to the terrain and cover of the course. It is impossible to assign a numerical value to the appropriate range of an All-Age dog. Yet, whether on the prairies or in the piney woods, he is often “on-the-edge” of “running-off but not quite.”

CONSISTENTLY FRONT RUNNING

An All-Age dog consistently reaches to the front of the course holding a 10:00 to 2:00 pattern where practical. A far-ranging dog which consistently holds a lateral pattern such as 9:00 to 10:00 should be penalized in most cases. Likewise, persistent, deliberate back casting should be severely faulted. Some courses loop back on themselves, or have numerous 90 degree turns where the natural flow of the terrain is straight on, so a dog ranging far to the front may easily miss the turn and be forced by terrain and cover to come in from behind. In this and similar circumstances a dog should not be penalized.

“GRABBING THE FRONT”

It has been wisely said: “the trial is to the front.” It is common practice for the handler to take his dog quickly to the front after a find to join the other handler and judge. This is acceptable practice and not to be considered wild riding. It is good practice to ask a slow riding judge if it is OK to ride fast to the front.

STYLE/CLASS ON POINT

The All-Age dog demonstrates class and style on point: remaining intense, statuesque with no let-up in intensity as the bird is flushed.

ROTATION TO MARK

The AFTCA Guide says (40): “A good dog should be intense in pointing and minimal movement in marking flight of the birds is an extension of that intensity. Movement of the head or wheeling in the direction of flight is permissible, but there should be no significant forward motion of the rear feet in the direction of the bird’s flight. What constitutes significant motion must be left to the discretion of the judge. A judge would most certainly not want to throw out the best dog in the stake just because he moved one inch more than what is specified.” This guideline applies to all breeds including the GSP, which is trained to retrieve.

RELOCATION

An All-Age dog may be seen at a distance on point, during the approach multiple self-relocations to pin a running bird are not to be penalized. Once the handler dismounts and gets in front of his dog, it must not release itself for relocation. When released for relocation the dog should proceed with intense determination and ultimately locate and point the bird with class. In most cases an energetic search is preferred over one that is overly cautious, slow, and methodical. *The AFTCA Guide* says (39,40): “voluntary relocation exhibits poor manners. Sometimes a handler will conduct a prolonged (too extensive) flushing attempt, and the dog will become impatient at the long wait and start to move. There is some excuse for this when the dog apparently loses scent contact with game that may be running. The fault lies as much or more with the handler than with the dog. A good dog seeks to stay “on terms” with his game and should be allowed to move up promptly.”

BIRDS FLUSH DURING A RELOCATION

It should never be assumed that if birds take flight during a relocation while the dog is moving, that the dog automatically bumped/knocked the birds. *The AFTCA Guide* says (38): “Each situation requires careful and critical analysis of the circumstances involved such as wind direction, scenting conditions, etc., with the benefit of the doubt going to the dog.” This is particularly important in All-Age stakes where dogs frequently work country not planted with birds, and in wild bird trials. In both cases, it is not unusual for the top All-Age dogs to have one or two finds, increasing the importance of getting the call right.

UNPRODUCTIVES

The AFTCA Guide says (42,43): “One unproductive is a very minor offense. Two unproductives in an hour stake are generally accepted as too many making it difficult to win a quality stake. This however; must be evaluated in the context of the other performances. Sometimes poor scenting conditions and other factors can give rise to many of the dogs having unproductives during the stake.”

In light of this reasoned, time-honored standard, today’s common practice of automatically disqualifying a dog for two unproductives without considering exigent conditions should be questioned. This is especially true in an All-Age stake where the dog may have been standing on point for a considerable time while out of judgment, during which the birds may have run or flown off, and notably when the species on course are wild birds. There are also mixed bird trials where pen-raised chukar and quail are released, but the course habitat also supports wild populations of the same species. There is generally no problem with the 2 UP rule on pen-raised quail. In some cases where conditions of weather, scenting conditions, and species of birds may indicate, the prudent approach in some stakes may be to hold off on sorting out the impact of UPs until the end of the stake or until the judge has some dogs with great races and no UPs.

In summary there is no hard and fast rule that two unproductives automatically disqualify a dog in all circumstances. Evaluation of the surrounding conditions and circumstances are important in applying this standard and in the all-important search for the best All-Age dog of the

PACKING A BIRD

The AFTCA Guide says (41,42): "If a crippled bird runs across a dog's path while he is in motion and he picks it up, the degree of demerit would depend upon the surrounding circumstances. Generally speaking, it is not regarded as justifying a severe penalty. As one experienced judge puts it: 'If the dog is tops in the rest of his work he can stay on top with this fault. If there are two dogs in the stake otherwise equal, the one that did not have this bad break in luck should get the placement.'"

A dog seen packing a bird without the circumstances of capture having been observed should be given the benefit of the doubt regardless of whether the bird is cold, warm and dead, or warm and alive. It may be a demerit, but is generally not an offense worthy of disqualification.

BACKING

The All-Age dog must back a dog on rigid point, however the backing situation must be analyzed through the eyes of the moving dog. Things look different two feet from the ground than they do off horseback. As the dog approaches the scene, one must consider the dog's weaker eyesight, possible interference of terrain and dense cover, and backgrounds that may camouflage the pointing dog. This analysis is even more difficult at a distant All-Age range. The approaching dog should always get the benefit of the doubt.

STAMINA

Stamina is of paramount importance no matter the length of the heats. Prime consideration must be given to the dog which finishes the heat with no reduction in speed or range. Consider the dog's ability to find and handle game in all parts of the heat, and especially in the latter stages when "nose" may be diminished by fatigue and overheating. It is often said that the last ten minutes are the most important of the heat.

OVERALL PERFORMANCE

The AFTCA Guide says (49): "While it is desirable that the winner of a championship stake be charged with no errors, it is a better practice to award a title to a dog which displays all of the characteristics of style, pace intensity, drive, bird sense, etc., even though such dog be charged with some minor error or breach of manners, than to award a title to a dog lacking many of these characteristics even though he was errorless....it is especially important that champions, as probable progenitors, be named for brilliance of overall performance rather than on the basis of errorless mediocrity."

MOST IMPORTANTLY IN NAMING AN ALL-AGE CHAMPION

This standard presents a perfect dog which may be hard to find on any given day. Variables of weather, terrain, and course may pose significant challenges. The total performance of the dog should always be examined with range foremost in mind. All-Age range defines the very essence of an All-Age dog and without it, the dog fails the test of Championship performance. *The AFTCA Guide* says: "Range must take precedence over and not be compromised for a shorter, methodical, unexciting performance, no matter how immaculate (24) or plentiful the bird work."

CHAMPIONSHIP VS. A CLASSIC

On occasion the judges may determine that no dog in the stake has demonstrated a true All-Age range. In this case an accepted practice is to downgrade the stake from a Championship to a Classic, and to name 1st, 2nd and 3rd place dogs. If performances are so poor that a 1st place dog cannot be named then all placements should be withheld. It is never acceptable to name a Runner-Up without naming a Champion, nor to name a 2nd or 3rd place dog without a 1st place dog (51). Naming a Champion and withholding the Runner-Up is acceptable.

- 1) The NGSPA would like to thank the AFTCA for permission to quote from their long-standing classic publication: GUIDELINES TO FIELD TRIAL PROCEDURE AND JUDICIAL PRACTICE. This work is comprehensive and time-honored. It may be purchased from the AFTCA or viewed on their website www.aftca.org. We recommend its periodic thorough reading and constant reference.
- 2) For convenience the gender of people and dogs herein is expressed in the masculine form. The NGSPA recognizes the outstanding contribution of our female judges, handlers, and scouts, and of course our phenomenal female dogs.

The National German Shorthaired Pointer Association, Inc.

63rd NGSPA Futurity - Running Spring 2021 • Litter Enrollment Form

Nominations will be accepted for German Short-haired Pointer bitches bred between November 1, 2018 and October 31, 2019

Nomination Procedure:

1. Fill out the litter enrollment form within six months of whelping.
2. Individual nomination fee of \$25.00 due before puppy is one year old.
3. Entry fee is due the night of the drawing (to be advertised).

FIELD TRIAL HALL OF FAME

GUIDELINES AND PROCEDURES

PURPOSE:

To identify and honor those persons and dogs, both past and present, whose accomplishments in Field Trial competition are exceptional, and whose contributions to the sport are outstanding.

CRITERIA FOR SELECTION:

PEOPLE

1. The person must be at least 65 years old.
2. The person should have a significant record as a Field Trial competitor over a sustained period of time.
3. The person should have made a significant and sustained contribution to the sport by “giving back” through donation of time, resources and expertise, (for example: running trials, helping at trials, scribing, judging, providing grounds, encouraging and teaching newcomers, etc., etc.)
4. The person must have exhibited exceptional sportsmanship, integrity, and a history of unselfish giving to the sport.

DOGS

1. The dog must be deceased.
2. The dog must have a distinguished Field Trial record, especially in one hour Championships.
3. The dog must have a record of producing outstanding progeny, both as competitors and as producers.

PROCESS OF SELECTION:

Nomination and selection occurs on an annual basis. The nominations open January 1 and close August 31 annually. Any individual may nominate dogs and/or persons. It is the responsibility of the nominating person to all relevant data with regard to the nominees' accomplishments, which will support why that person or dog deserves to be considered for this award.

Nomination forms are available on the NGSPA website (www.ngspa.org) or from the Committee Chairman. Completed forms and supporting documentation must be received by the Chairman by the first of September (September 1) each year. If a nominee is not selected to enter “The Hall” in the year nominated, the nominee will remain eligible for consideration for two (2) additional years. Thus, a nomination is valid for three (3) years at which time it will expire if the nominee has not been selected into the Hall of Fame. Nominations will not be accepted for a nominee that fails to be selected in the first three year period until a minimum of three (3) years after the expiration of the first nomination.

SELECTION COMMITTEE:

The Selection committee is comprised of individuals who are selected for their experience, character and integrity in German Shorthaired Pointer field trials, and in breeding superior German Shorthaired Pointers. Their decision on the merits of nominees are independent and kept anonymous. Each year's Honorees will be announced no later than the first of December annually. Individuals elected to the selection committee will serve a 3 year term, and be eligible for one more consecutive second 3 year term.

INTRODUCTION:

Those selected will be formally inducted at ceremonies held at the Hall of Fame (Bird Dog Museum) in Grand Junction, Tennessee, on the Saturday before beginning of the Pointer National Championship.

Committee members & their (dog(s) are ineligible for nomination to the HOF during their service on the committee.

Hall of Fame Committee Structural Guidelines (These reflect past precedents)

- While the GSP Hall of Fame Selection Committee services at the pleasure of the NGSPA Board of Trustees, its decisions regarding inductees are to be totally independent of the board influence.
- It's operational procedures and membership are subject to the BOT approval.
- The maximum size of the committee is 15.

CHAIRMAN RESPONSIBILITIES

- The Chairman will be responsible to advise the Board of Committee resignations, and to present nominees to the Board for Approval.
- The Chairman will serve as the GSP representative and present the inductees at the official induction ceremony.
- The Chairman will present proposed changes to procedures and processes to the BOT for approval.
- The Committee Chairman will provide a report at the annual BOT meeting.

FIELD TRIAL HALL OF FAME

2020 NOMINATION FORM

Please note all nominations must be received no later than August 31 of the nomination year. (Nominations are good for three years).

In order to be nominated, dogs must be deceased. Persons may be nominated, living or dead, however, they must be at least 65 years of age, if still living.

FOR DOGS:

In order to be considered, a resume that depicts a candidate’s complete field trial record in all types of field trials events, the candidate’s progeny and their quality. The dogs candidacy should be dependent on his entire competitive career, and the quality of his/her offspring.

FOR PERSONS:

Persons to be nominated and elected into the GSP Field Trial Hall of Fame, need to have rendered outstanding service to the sport of field trialing, both at a local and national level for a long period of time. They need to have significant contributions that have made a measurable difference in the improvement to the sport of Field Trialing. Activities such as judging, being a club official, breeder, handler, and/or a sustained record of breeding German Shorthaired Pointers which have contributed to the improvement off the GSP as a breed.

Because this is a great honor to bestow upon a person, the Election Committee needs an accurate and complete biography. Incorrect or misleading facts within the biography will cause the nomination to be denied until it is updated and corrected.

I wish to nominate the following person/dog to the 2019 German Shortahired Pointer Field Trial Hall of Fame.
