2021 NGSPA Region 8 Championship

By Keith Richardson

The Region 8 Championship was a huge success, with a strong entry in all stakes with participants coming from all over. Most of the competitors also attended the NGSPA Hungarian Partridge Championship held previously.

Photo Credit: Penny Mckague-Robertson

The venue is not only scenic for participants, but also provides great objectives for dogs to hunt and display their ability to find and handle difficult game birds. The course is unlike any other in the country. The cast off is over several hundred yards of prairie to Suicide Hill, named for the large number of birds inhabiting it, and the fact that most infractions may be seen ¼ mile away. There are two large coveys on this hill, a low covey and a high covey. Then around the hill's base there is a cove defined by a curving high-bench with steep faces, large rocks, and dense shrub cover. We pass Derby Draw and continue along the base of the high bench to Shooting Dog Draw. We climb to the top of the bench and spend 15 to 20 minutes hunting the upper brushy edge of this steep chukar habitat. The next leg offers a run through the prairie or a steep series of draws known as the Badlands. The high gate is entered and the dog finishes in the prairie where its stamina and range are visibly demonstrated.

The dogs will experience running coveys, large explosive covey flushes of 20 or more, and concentrations of "old" scent since we put out over 500 chukar. The birds are healthy, young and strong fliers. Any dog that completes this course is ready for Eureka!

We were pleased to have several pros in attendance: Dan DiMambro, Josh Nieman and Rich Robertson. We were also happy to welcome a large number of amateur handlers: Dean and Diane Crabbs (OR), Brian Hill and Karen Niffenegger (WA), Mike Patrick (CO) Keith Bryant (CO), Brandon Blum (CO), Keith Richardson (WY), Chase and Mark Verdoorn (MO), Tom Kosmack (UT), Ray and Tami Larrondo (UT), Kirk Loftin (TX), David Quijano (TX), Shari Tangsrud (TX), Matt Miller (WI). Terry Zygalinski (CA) brought a good bunch of horses for judges and guests.

We brought in some top-notch judges with years of experience in many Championship venues. Ray Larrondo (ID), Karen Niffenegger, Terry Erickson (CA), Tim Carwile (VA), Brandon Blum (CO), David Quijano (TX), and Rich Robertson (ID).

We are grateful for our sponsors. Purina provided financial support and the bags of Pro Plan for the winning dogs. We encouraged all contestants to feed Purina. We also welcome the sponsorship of Sport Dog with training collars. Cash purses, gift certificates, Purina food, and Sport Dog collars made up the offering of prizes.

A special thanks to the organizational abilities and hard work of Keith and Bobbi Richardson. A big thanks also to all of the other folks who helped, Joe Frauendienst (many tasks including planting birds), Josh Frauendienst, Gary and Chris Kercher (bird planter). Lynn Cooke provided wonderful meals with help from Marya Kerchner, and Diane Crabbs. Our ranch crew helped in many ways often unseen, but always with a smile: Justin Peppers, Brittney Habercorn, Rick Huber, and Frank Rugh. Kaitlin Guakel and Penny Robertson ran the dog wagon and booted all of the dogs. We missed the smile, conversation and wit of David Quinn, our Field Trial Sommelier, who couldn't make it. Dean Crabbs caught all of the birds early each morning.

This was a dual sanctioned trial, and all broke dog stakes were Grand Limited Stakes, and the Shooting Dog stakes were Retrieving Stakes. There are very few of these stakes offered in the country and are a nice advantage for the competitors who also pursue AKC points, and four placements are named. Our stakes are so large that all earn 5 point majors. Four dogs are placed and these are reported in this write-up due to space limitations.

Amateur Shooting Dog Championship

By Keith Richardson

Judges: Terry Erickson (CA) and Tim Carwile (VA). Starters: 26

Judges said their four placing dogs all handled kindly with no hacking, and very little or no scouting required. They went forward through the country with no back-casting or coming from behind, and they had solid shooting dog races with good finishes. During most of the stake the wind was a challenge and the jumpy birds and large coveys presented plenty of opportunities to distract dogs and take them out. The difficult bird work separated the dogs and handlers.

Pinnacle Dee's Mighty Mouse (Dee), Kirk Loftin, was named Champion.

Pinnacle Dee's Mighty Mouse (Dee), had her first find on Suicide Hill at 5 handling the chukar nicely with good style and excellent manners. She was sent on and hunted the rocky slopes nicely instead of running in the open. She was rewarded with a find at the turn up Shooting Dog Draw. Birds were produced after a nice relocation and her style was flashy. She hunted the upper rim to the front and had a strong finish through the upper gate. Her run was big and always forward, and she required no hacking and no scouting in true shooting dog form.

Quijano's WD 40 (Rusty), David Quijano, was named Runner-Up.

Quijano's WD 40 (Rusty) had six finds at 8, 22, 30, 32, 39 and 40. They were spaced nicely along the hilly chukar habitat and the upper rim. All were in order with good style. Rusty got rolling after his brace mate got picked up at 33. He had a good overall performance and was always forward and covered the right spots to find game with no commands from handler. He was a very good bird dog with excellent ground application. He had a good race and finish, but not as strong as the Champion's.

Hi N's Allison Miranda (Allie), Kirk Loftin, earned Third Place.

Hi N's Allison Miranda (Allie), had two hun finds at 5 on Suicide Hill and 21 at the turn up Shooting Dog Draw, which she handled nicely with good style. She had a stop-to-flush at the end of the habitat on some jumpy hunns. She had a back at 45 on Derby Rim and stood solidly while her bracemate had a "train wreck" and was picked up. She had a good finish.

Canyon Creek High Tide (Dylan), Ray Larrondo, earned Fourth Place.

Dylan had finds at 4 on Suicide Hill, 11, 15 and a large covey of chukar at 37, with backs at 20, 25, and 27. Dylan had a slow start but her last half was strong. She demonstrated a good nose as she pointed game a long ways off. She showed maturity locating game. Dylan was a nice dog, but her overall ground race was not as smooth and consistent as the top 3 dogs.

Region 8 Amateur Shooting Dog Championship

Pinnacle Dee's Mighty Mouse (Dee), with Kirk Loftin and Quijano's WD 40 (Rusty) with David Quijano

Open All-Age Championship

Judges: Ray Larrondo and Karen Niffenegger. Starters: 25.

Judges preferred a dog that after Suicide Hill would hunt the rocky sidehills rather than taking the fence-line to the end of the habitat. They knew the sidehill cover provided good chukar habitat.

BMB's Samsquanch (Sam), Brandon Blum, was named Champion.

BMB's Samsquanch (Sam), ran in Brace 11. He had a strong break away and had a nice find 3 on Suicide Hill. He quickly moved on and hunted around the corner and hunted the rocky hillside fast and smart. He crossed Derby Draw and climbed Chukar Hill where he had his second find at 10. He then hunted just below the rim in the rocky cover all the way until dropping down to the corner of Shooting Dog Draw. Handler sent him on the west side of the draw where he made a showy and powerful move gaining the top of the west rim and running the edge to the front. 90% of the dogs take the trail up to the head of the draw. He was lost to sight to the front. Once the handler gained the top of the draw, Sam was seen standing at 28 on his third find. Afterwards handler elected to send Sam into the prairie to the north, where he made a big move and then cut up onto Derby Rim and was found standing at 38. Handler could not produce a bird and sent him on. He had a phenomenal finish. Sam wasn't the flashiest dog of the group of placing dogs, but he ran a solid All-Age race and impressed the judges with his hunting prowess and application to the course. Sam required no hacking and the handler was able to ride gently along for most of the run.

Keg Creek Tripps to Win (Tripp), Josh Nieman, was named Runner Up.

Keg Creek Tripps to Win (Tripp), ran in brace 3 and headed in a straight line to Suicide Hill, where he was seen standing at 5. After release he rounded the corner and was next seen on the rim past Derby Draw where he had a stop to flush at 18. It took handler and judge about 5 minutes to reach him while he remained frozen in place with staunch style. He was sent back to the bottom of the hill and had his next find at 25 on the lower corner of Shooting Dog Draw. He had his next find at 35 on Derby Rim. Just after his release he dropped over the edge and pointed at 41 but handler was unable to produce a bird. He was released and ran the prairie to the High Gate, grabbed some water and hit the prairie for a huge finish to the front by the Guest House. All in all he had a strong All-Age run but his run was not as smooth and required more hacking when compared with the Champion.

Pinnacle Dee's Mighty Mouse (Dee), Kirk Loftin, earned Third Place.

Pinnacle Dee's Mighty Mouse (Dee), ran in brace 9. Instead of hunting up Suicide Hill Dee ran the fence line to the end of the habitat, and then was called back where she ran up Chukar Hill and had her first find at 16. She was sent back down the hill and had her second find at 22 at the corner of Shooting Dog Draw. She took the left-west side of the draw and met the handler as he crested the draw. She ran the rim without finding any birds and this took her to the High Gate with 17 minutes to spend in the prairie. She had a really big finish. Dee was snappy and quick on the ground. She had a bit less power than the top two dogs overall, but had a very strong finish.

Prairie Wind Bert's Joke on Us (Bart), Rich Robertson, earned Fourth Place.

Prairie Wind Bert's Joke on Us (Bart), ran in Brace 4. He made a bee-line up Suicide Hill where he pointed and had an extended and difficult relocation. Birds were produced at 10, and he handled them nicely. After release he immediately disappeared and apparently ran the habitat cover until being seen at the far end of the habitat. He spotted his handler and without command came straight to him up Chukar hill. He was returned to the bottom and hunted the hillside until climbing to the top and going on point. He was returned to the bottom and had his third find at 32 at the corner of Shooting Dog Draw. Handler had a bit of trouble collecting him off the top of Chukar Hill and hacked him to get back on course. His fourth find was on Derby Rim at 49. He was heeled to catch the front at the High Gate and had a great finish. Bart had a strong and powerful all-age run but required more hacking than the top three dogs.

*Region 8 Open All Age Championship
BMB's Samsquanch "Sam" (Brandon Blum) and Keg Creek Tripps to Win "Tripp" (Josh Nieman)*

Open Shooting Dog Championship

By Ray Larrondo

Judges: Brandon Blum and David Quijano. Starters: 28

Chicoree's Glitter and Gold (Glitz), Dan DiMambro, was named Champion.

Chicoree's Glitter and Gold (Glitz), ran in Brace 3. After a good break-away she was found pointed at 10 above the water trough. Style and manners all good. Then she flowed through the rocks well and climbed Chukar Hill where she was found pointed at 20. She then hunted the rocky hillside well flowing to the front and pointed a covey at 28 at the corner of Shooting Dog Draw. She was next seen hunting the brushy edge along the rim with good power until disappearing along Derby Rim where she was found standing at 40. She had an NP on the east side of the ridge at 45, and then showed a phenomenal finish with both dogs cresting the ridge at Cathy's Bench. Glitz was stylish on point and had a consistently strong Shooting Dog run with excellent application to the course.

Osage Cuttin Em Down (Bo), Josh Nieman, was named Runner Up.

Osage Cuttin Em Down (Bo), ran in brace 3 with the Champion. Bo had a strong cast-off and was found pointed at the very end of the habitat at 12. Several Chukar were produced and he handled them with nice style. He broke away and headed toward Chukar Hill where he was found on point at 18. Upon release he powered along the rocky hills and was found pointed with his third find at the base of Shooting Dog Draw at 22. From there Bo powered to the front and had his fourth find at 42 on Derby Rim. The two dogs joined forces and showed a strong finish over Cathy's Bench. Bo had an excellent performance but showed some immaturity compared with the Champion.

Autry's Natural Chromoly Steel (Molly), Josh Nieman, earned Third Place.

Autry's Natural Chromoly Steel (Molly), ran in Brace 12, and got off to a slower start than the first two dogs. Her first find at 12 was above the water trough and was very stylish. The bird work got her going and she went on to hunt the hills with power. She had a stop to flush on the top of Chukar Hill at 18. Her second find was at the corner of Shooting Dog Draw at 23. Just after she crested the top of the draw she had a divided find on the brushy rim at 27. She went on to hunt the rim edge well but without the power of the two top dogs. Her fourth find was on Derby Rim at 40. She had a good finish.

Foxglove Money Maker (G), Brian Hill, earned Fourth Place.

Foxglove Money Maker (G), ran in brace 4 and got off to a good start with a find at 5 on Suicide Hill. He then hunted the edge around the hill and had a stylish find at 12 above the water trough. G exhibited great bird dog sense in his application to the course and was found pointed on top of Chukar Hill at 18. After being released he hunted the hillside like a chukar dog should and had his third find at 24 at the corner of Shooting Dog Draw. He hunted the upper rim very nicely and had four more finds. G handled very kindly and did a really nice job, but overall his run exhibited less power and range than the top three dogs.

*Region 8 Open Shooting Dog Championship
Chicoree's Glitter and Gold "Glitz" (Dan DiMambro) and Osage Cuttin Em Down "Bo" (Josh Nieman)*

Open Derby Classic

Judges: Ray Larrondo and David Quijano. Starters: 8.

NOTE: Due to several issues which arose we were unable to get a write-up for this stake.

The Course

We used the Hun course in the Habitat. It was a three-mile section of creek lined with willows and dense cover, with open cut grass and plenty of objectives between the willow line and the fence-line. This course does not have cactus, so dogs are not booted. It is an out and back course with opportunities to find chukar or huns. There is good visibility of the dogs, so that a dog with all-age potential can be seen making huge moves.

Region 8 Open Derby

*NK's Uncontrolled Free For All (Neiman), Ream's Spinner (Neiman),
and PW Queen of the Mountain (Rich Robertson)*

Region 8 Open Derby (8 Entries)**1st Place: NK's Uncontrolled Free For All "Daryl"**

FDSB#: Pending
Sex of Dog: Male
Date of Birth: October 11, 2020
Sire of Dog: BMB's Free Ride
Dam of Dog: Covey Up's Controlled Burn
Owner: Scott Nordstedt
Handler: Josh Neiman

2nd Place: Ream's Spinner "Toby"

FDSB#: 1696637
Sex of Dog: Male
Date of Birth: October 11, 2020
Sire of Dog: BMB's Free Ride
Dam of Dog: Covey Up's Controlled Burn
Owner: Derrick Ream
Handler: Josh Neiman

3rd Place: PW Queen of the Mountain "Lynn"

FDSB#: Pending
Sex of Dog: Female
Date of Birth: March 1, 2020
Sire of Dog: PW Bert's Joke on Us
Dam of Dog: PW Extraordinaire
Owner: Keith and Bobbi Richardson
Handler: Rich Robertson

Region 8 Amateur Shooting Dog (26 Entries)

1st Place: **Stoney Hill's Pinnacle**
FDSB#: 1694168
Sex of Dog: Female
Date of Birth: May 14, 2017
Sire of Dog: Simon's Gunner
Dam of Dog: Shadow Rock's Mighty Mouse
Owner: Kirk Loftin
Handler: Kirk Loftin

2nd Place: **Quijano's WD40**
FDSB#: 1683347
Sex of Dog: Male
Date of Birth: January 11, 2019
Sire of Dog: Llano's Game On Dude
Dam of Dog: Bray's Henna
Owner: David Quijano
Handler: David Quijano

Region 8 Open Shooting Dog

1st Place: **Chicoree's Glitter and Gold "Glitz"**
FDSB#: 1686474
Sex of Dog: Female
Date of Birth: October 5, 2017
Sire of Dog: Chicoree's Immaculate Von Drickeldorf
Dam of Dog: Chicoree's Country Fan
Owner: Fred Ryan
Handler: Dan DiMambro

2nd Place: **Osage Cuttin Em Down "Bo"**
FDSB#: 1687403
Sex of Dog: Male
Date of Birth: July 10, 2018
Sire of Dog: Kimber Tactical
Dam of Dog: Cuttin Wild's Space Cowgirl
Owner: Jack Phipps
Handler: Josh Neiman

3rd Place: **Autry's Natural Chromoly Steel (Molly)**
Handler: Josh Nieman

4th Place: **Foxglove Money Maker (G)**
Handler: Brian Hill

Region 8 Open All Age (25 Entries)

1st Place: **BMB'S Samsquanch "Sam"**
FDSB#: 1669573
Sex of Dog: Male
Date of Birth: June 1, 2015
Sire of Dog: Trublu's BDK Ace In The Hole
Dam of Dog: Tim To Pay The Piper
Owner: Brandon Blum
Handler: Brandon Blum

2nd Place: **Keg Creek Tripps to Win "Tripp"**
FDSB#: 1671013
Sex of Dog: Male
Date of Birth: April 17, 2016
Sire of Dog: Kimber Tactical
Dam of Dog: Sixxems A Cut Above
Owner: Alan Davidson
Handler: Josh Neiman

A group of riders on horseback is shown from behind, moving across a field of tall, dry grass. The sky is overcast with grey clouds. The riders are wearing various riding attire, including helmets and jackets. The overall scene is a typical equestrian setting.

NGSPA NATIONAL CHAMPIONSHIPS

March 26, 2022 to conclusion
Grovespring, Missouri

Visit the NGSPA online at www.ngspa.org
for complete details and to enter online.

**AMERICAN FIELD
NEW CONTACT PROTOCOL UNDER UKC
FEBRUARY 26, 2022**

The United Kennel Club has acquired the American Field. The three key American Field employees remain with the American Field/UKC. They are working from their homes in Illinois and not at the UKC headquarters in Kalamazoo, MI. Here is best way to contact the American Field personnel.

It is best and fastest if you can communicate through emails and send them scanned documents.

Here is the best way to reach them by phone, email and mail. Please note that for some reason some of our emails have ended up in their spam folders so it is best to check back with them during this initial start-up period to be sure they have received your communications.

PHONE OR EMAIL

For Advertising, please contact Gina Smith.

Phone: (269) 343-9020 ext. 322

Email: gsmith@ukcdogs.com

For Editorial (write-ups, EDFs, etc.), please contact Dinora Wellmann.

Phone: (269) 343-9020 ext. 331

Email: dwellmann@ukcdogs.com

For Field Dog Stud Book (FDSB), please contact Jason Lee.

Phone: (269) 343-9020 ext. 330

Email: jlee@ukcdogs.com

When you call the UKC number, you should dial the extension right away to avoid being put into the UKC wait-queue. If for some reason you are unable to get through, please try the American Field number at (312) 663-9797 (press “1” for Advertising—Gina; “2” for FDSB—Jason; and “4” for Editorial—Dinora).

Also please note that the phone system only allows calls from 9:00 A.M. (EST)—4:30 P.M. (EST), Monday through Friday.

MAILING ADDRESS

Postage mailed to the old American Field address will be routed there but it is cumbersome and takes time. Please use their new address:

American Field
C/O United Kennel Club
100 E. Kilgore Road
Kalamazoo, MI 49002

NGSPA Region 1 Championship

By Thomas George

September 17-19

Crane Wildlife Management Area East Falmouth Massachusetts

It takes a team, we built a great one! The 2021 Region 1 NGSPA championship was sponsored by the Mayflower German Shorthaired Pointer Club and orchestrated by a dedicated group of amateur pointing bird dog enthusiasts that came together and put on probably the best trial I have ever attended or been involved with. That is my opinion and I'll leave it right there.

Our judges panel was fantastic! Michael Ernest of Sterling Ct, Doug Welsh of New Freedom PA and Audra Jaconetti of North Kingstown RI, what a team! Thank you Judges!

The Winners

All N's Iron Mike, MIKE! , Two year old liver and white German Shorthair male topped a field of 21 quality starters to capture this year's regional championship and inaugural at Crane Wildlife Management Area in East Falmouth Massachusetts. Mike ran a solid shooting dog hour, applied himself to the ground and cover at hand and laid down an enviable race with 4 stylish and intense finds to capture the title. Mike is owned by Larry Cote of Vienna VA, was ably handled by Joe Orndorff of Wardensville WV and scouted by Shane Sine.

"Mike" drew brace nine and was paired with Dixieland's Saddle Snakebite, owned and handled by Jordan Wells of Tolland CT. Both dogs dug in off the breakaway and rocketed themselves through the bear oak cover as if it was a field of clover. Across the ravine under the power line and just into the first woods line both dogs scored perfect finds at 8 setting the tone for a great brace. At 12, exiting the first stand of hardwood and pitch pine, Mike shook off some distraction from a beagle hound being exercised by a walker and scored another perfect find on a pair of quail. Snake headed west on the course and into open country bordered by pine woods showing well to the front and hitting his objectives. Mike ran the open cover well hitting his own objectives with both dogs finding the next stand of pitch pine and low grow cover at nearly the same time. At 30, both dogs were standing on a trail bordered by pine woods on the north and open grass field to the south. In what seemed to happen in an instant, birds lifted to the north into the piney woods and Snake relocated himself at the flush and was taken up. This scenario is the witness of this scribe only as the judges' description was slightly different. Mike stood motionless and with enviable style, was watered and moved on. Around and through some small grassy fields bordered by pines Mike made his way showing just enough of himself to let handler know he was in contact. At 45 Mike had a beautiful find to the East edge of the pine bowl with style and intensity that really grabbed this scribe's attention. Handler Orndorff had his work cut out for him getting these birds off the ground but he did it with Mike holding tight. Out of the pine bowl, up the hill and into the native grass fields headed Northeast and going away at time Mike never had any let down and was going away at the end of his hour.

Without knowing where Mike would stack up in the championship, (or really even his name yet), I made some verbal notes in my recorder that I thought interesting. They went like this: "this dog is making his scout work hard at times but then checks in just in time to score perfect finds,... but it's working for him". And work it did! Congratulations Mike, Joe, Shane and Larry!

This years Runner up Champion drew brace 3 on Friday morning. Tullis's Faraway Giddy Up, "Fairgo", is owned and handled by Joe Amatulli of New Hartford CT, scouted by Audra Jaconetti. Fairgo broke at 10:25 am digging in hard and covering ground like on a mission. He worked the ravine under the power lines where bird contact looked likely then made his way swiftly to the first tree line cutting into the woods to the East. At 12, scout called point with Fairgo located standing tight near where the course

bends north in the first woods. Fairgos' intensity was striking and he held that intensity through a lengthy flushing attempt. Birds were produced well in front of the pointer with all in perfect order. Out of the first stand of piney woods and into the open country, Fairgo pushed the limits of contact with handler but made breathtaking moves to objectives and edges of the woods to the North. Keying off the handler's direction, Fairgo entered the second woods line and was guided skillfully through the tighter areas of the course staying just on the edge of contact but always in pocket. Through the pine bowl and exiting the woods to the native grasslands, Fairgo again pushed limits of contact with handler finishing strong, flashy and going away well in front of handler and gallery.

An exhilarating brace landed Fairgo and handler Amatulli the runner up champion title. Nice work Joe and Audra!

The Derby Classic drew a field of 10 fine young shorthair prospects looking to make their way into polished adult contenders. Topping the field was Glenn Allen's Persimmon, "Percy", a fine looking liver roan and white ticked female prospect owned by Jason and Stephanie Coiner and handled by Barry Bollinger of Westminster Maryland. Percy ran in brace three on Sunday morning, hit her objectives nicely and had a forward well-handled run. She scored one stunning find mid-way through her brace that caught the judges eyes awarding her the win.

Second place went to All N's Party of One Time, "Tusky". Tusky is owned by Kathleen and Kevin Malone of Leesburg Va. and handled by Joe Orndorff. Drawn in the the second brace he ran a well applied race, handled kindly and hit likely objectives scoring three beautiful looking finds that showed style and intensity noted in both judges books.

Third place was awarded to Blue Storms Sky Line owned by Mr. Cameron Bell of Hampstead Va. and handled by Barry Bollinger. "Sky" drew brace one and handled the diverse cover of the Cape enviably, scored one beautiful find and handled kindly.

Notes on the trial:

In the early spring of 2021, when the tightrope of the pandemic was loosed just enough to let us all get back to some of the things we loved, our group came together with the idea of keeping the region one NGSPA championship going. A couple of get togethers later in the spring and early summer we decided to go for it! The dates we had drawn in the past in Connecticut always seemed to be affected negatively by poor, to downright lousy early winter weather and other trial conflicts. The move to Crane Wildlife Management Area in Massachusetts worked for us this year although it has been considered to be a bit early due to the possibility of warmer temps in mid September. The Massachusetts Division of Fisheries and Wildlife proved to be refreshingly cooperative and accommodating to us and our wanting to run at Crane. They even asked if we could show them what we needed mowed for our courses and parking area. The department even kept their equipment on site until the seal of approval was stamped! A State Agency that was totally cooperative, that's refreshing!!

Mayflower German Shorthaired Pointer Club went out on a limb to sponsor our trial for the first time that I can recall. This was imperative for obvious reasons, the biggest was the insurance carrier. A debt of gratitude is owed to them for their trust in us.

Purina Pro Plan! In an endeavor such as our championship where our financial margin is razor thin, your support made all the difference! Thank you!

Our group was fantastic! Each one of us took on a meal responsibility, helped with marking the course, putting up barricade fencing, placing water barrels on course, planting/salting the course. We all gave something to make this happen without hesitation.

There is no way we could have run this trial without the Hazels of Rehoboth Massachusetts. The use of their fine horses, the checking of the grounds, laying courses, securing fencing materials, cleaning the judges house, ordering birds, communications with Mayflower, use of a

Jeep for bird planting, Thursday nights dinner, reconciling funds, secretary duty, helping me with this report and I'm sure I left out a bunch. Dennis and Jennifer, as Chair of this event I thank you sincerely! Both of you made my title way too easy to fulfill!

Really there is no way we could have done this without our entire team: Cory Roy for breakfasts and birds and for doing “whatever it takes” without being asked, ever! Audra Jaconetti for filling in to judge the derby, scouting, donating a steak dinner and adding your always shining positive personality to every situation we encountered. Jeremy Goldsmith for helping with planning, paperwork and positive support. John Lucey for handling our judges accommodations, preliminary and final proper sanctioning paperwork with all involved entities. Jenn Hazel, mentioned above but especially for staying late after the trial to clean the judges house and putting up with my constant barrage of emails, texts and calls for information post trial. Alan Welch for lunches, (wild and domestic), courses, birds, fencing, cleanup, scouting, horses and positive “can do” attitude. Stephanie Ellars for last minute “Hail Mary” hors d’oeuvres. Valerie Mattie-Reis for the beautiful judges gift baskets! A huge thanks to the model airplane club at Crane for letting us use their water, you folks are the best! And thanks to everyone who supported this trial! We hope you all stay tuned for what we have up our sleeve for next year!

Fourth NGSPA Open All-Age Invitational Hell Creek WMA, MS. January 4-6, 2022

***BMB's Free Ride (Lewey)**, owned by Brandon and Jennifer Blum and handled by Brandon, and scouted by Josh Nieman, was named the 2021 NGSPA All-Age Invitational Champion.*

By: Keith Richardson

The fourth NGSPA Open All-Age Invitational was held on January 4-6, 2022, at Hell Creek WMA, Mississippi. It is the only NGSPA event held on these grounds, which are regarded by many field trialers as the best All-Age grounds in the country.

Hell Creek WMA is owned by the state of Mississippi and managed by their Department of Wildlife, Fish, and Parks, under the management of Nathan Blount, Regional Biologist. Nathan has been very helpful to work with, allowing us to keep the same dates year to year, and allowing two extra days in case of bad weather. These grounds were opened in 1999 and include dog kennels, a horse barn with 38 stalls, outside paddocks, a spacious Club House with cooking facilities, and a hard pack area with a few hook-ups for trailers.

Jack Griffin retired in 2020 and he was the man responsible for maintaining the grounds and providing other field trial support. We missed him last year, but Nathan Blount was responsible for bringing Jack back on a part time basis. One of his tasks was to care for the grounds and they have never looked better. The cover was well groomed and held birds well. Thanks also to

Jeremy Taylor and the other Hell Creek Field Trial Clubs who have all pitched in to keep the area clean and in good shape.

The grounds present a number of long bottoms and some piney woods providing a variety of cover to challenge and test our dogs. There is plenty of dense cover to hold quail. The grounds demand a powerful All-Age dog that stays to the front, carries a line to the end, and seeks timely guidance from its handler. Absences of five to ten minutes are common. The courses flow nicely but penalize dogs that get behind, won't carry a line, are seen too often, or won't respond to their handler.

We were blessed to have Korry Rinehart and Nick Thompson advise us on how to best utilize the grounds to produce three courses, and then they used their knowledge to plant quail in strategic places. All three courses provided their own challenges and opportunities to show and evaluate an All-Age dog.

We were honored to have two outstanding judges: Kipp Linard of Foristell, MO and George Hill of Wentzville, MO. Both are amateurs and well-respected judges in the American Field world. They have been in the game for many years and have handled and trained their own dogs as well as working along-side some notable pros. They know what a Championship All-Age performance looks like, and they offered a consistently positive, informed and focused evaluation of the 12 competing dogs.

A talented crew came together to put on this quality event. Edie Lee Adams and Tireca (ReRe) Turner catered three wonderful meals a day with coffee ready at 5:30. Joe Frauendienst oversaw tons of details, and also drove the dog wagon. Penny and Rich Robertson helped with preparation details. We could not have put the event on without the oversight, attention to details, and hard work of Bobbi Richardson, and our Executive Assistant, Brittiny Habercorn.

The grounds tend to be confusing for most of us and it was a tremendous help to have Korry Rinehart serve as lead Marshall with assistance from Rich Robertson, Nick Thompson and Dan DiMambro.

Our incredible sponsors made this trial possible. Greg Blair and Purina supports all three of our NGSPA Invitationals, which showcase the excellence of their product which is currently being fed to all dogs competing in this challenging endurance event. They provided important financial assistance, including 12 bags of product for the Champion handler, 12 bags to auction, and helped with a Ross Young original oil painting of the Champion gifted to the owner. Garmin provided an Alpha 10, their latest GPS tracking device to the Champion's owner. Ross Young donated much of his time because he is not charging full value for his truly fabulous works of art. The winning handler also earned a \$5,000 purse.

All attendees received an exceptional package of gifts including a warm and attractive vest with dog and owner's names and logo, best-in-class CSI Saddle Pad with logo, dog vest with logo by Ruff Wear, and other items.

The Guidelines and Philosophy are essentially the same as the NGSPA Shooting Dog Invitationals. We ask the judges to pay close attention to our NGSPA All-Age Standard. The 12 top winning All-Age dogs from the past year are invited. There are three continuous days of running. The first two are hour stakes and the third day is a 90-minute call-back, which tests the endurance and stamina of the top dogs like no other trial in the NGSPA world.

The judges maintained a consistent pace along a consistent course. They expected the handler to “show them their dog”, explaining that it was the handler’s job to show his dog, not the judge’s job to follow him around. Handlers were free to leave the “path” and do what needed to be done to show the dog to the judges like riding to gather up his dog, heel it, or hold it up at a choke point for release when the judges caught up. They wanted handlers to quickly gain the front after bird work. They were both very experienced and their depth of knowledge and “bird-dog sense” was apparent in their evaluations.

The judges called back four dogs. A predicted storm and freezing rain arrived as forecast at 4:00 A.M., so bird planting and running was delayed until a noon cast off. It was still drizzly, wet, and extremely cold so as to threaten the dogs with hypothermia. With the approval of the stake manager the judges decided to shorten the 90-minute call-back to 60 minutes recognizing it was safer for the dogs and their evaluation was not hindered because only a dog with extreme stamina could withstand 60 minutes in the extant conditions. In light of the harsh conditions, they further announced that they had one dog in the first brace with two consistently good days. Every other dog had a “hole” on one of the two days. Therefore, if their number one dog had a strong performance they were going to name the Champion without running brace 2.

JUDGE’S GENERAL COMMENTS ON THE RUNNING

Neither judge had judged GSPs before. We have found that this “outside perspective” has helped to raise the “All-Age” bar not only for our dogs, but for our handlers, owners and trainers. It also helps to spread the word that the GSP All-Age dog is worthy to compete in any American Field venue. Both judges were impressed with the range of our dogs and their quality application to the course. Every dog that finished the course showed all-age range. The quality of the bird work was also exceptional. They noted that some of the handlers missed opportunities to show their dogs by not allowing them to work smaller enclosed fields that could have demonstrated their power and application to edges with no danger of the dog getting away, or aggressively heeling their dog through a choke point and releasing it out of sight to the judges, thus preventing them from seeing what may have been an impressive move.

CHAMPION

BMB’s Free Ride (Lewey), owned by Brandon and Jennifer Blum and handled by Brandon, and scouted by Josh Nieman, was named the 2021 NGSPA All-Age Invitational Champion.

Lewey was the only dog that had three strong days. Over the three days he had 15 finds, and no NPs. He was a tough dog and finished the final day with a strong finish and a race undiminished by the harsh conditions even though the hair on his back was raised by exposure. He consistently ran to the extreme-filling up the country. For the first two days Brandon was able to sit back and “let him go” with little or no commands and no hacking. On day three he let his excitement get to him and a few times he detracted from the “show”. The judges were impressed when Lewey was the only dog to take the distant side of a very large field, demonstrating beauty and grace as he flowed around the edge with speed and power. Lewey did not break off any lines. He pin-pointed his birds so that most flushes were quick and clean. Some of the other dogs seemed to have a hard time pinning the location of birds resulting in a number of lengthy flushing attempts. Lewey required no warning-whoas while Brandon flushed and he maintained his attractive style with unmoving intensity. When his third run was over he was the clear Champion, and the only dog with three days of Champion performance.

THE OTHER CALL-BACK DOGS

Hi N's Hasty Matilda (Matte), owned by Hank Lewis and handled by Dan DiMambro and scouted by Hank.

Matte's first day was weak with one find the first 20 minutes before checking out for the rest of the hour. While she was under judgement she covered the ground in nice all-age fashion and had good application to the course, and impressive style.

Her second day was strong with 6 finds, and one NP. She went nicely with her handler and possessed a big, quick, and snappy race. Her bird work was excellent and she showed an impressive finish.

On Day 3 she was braced with the Champion. She had four finds, all with nice style. She filled up the country, handled kindly, and stayed with the handler. She was consistently to the front and took the edges to completion. Matte showed she was tough having a strong finish in adverse conditions.

The following two dogs distinguished themselves by being called-back, but their brace was not run for reasons already noted.

BMB's Freeloader (Hewey), owned by Brandon and Jennifer Blum and handled by Brandon, and scouted by Josh Nieman.

On the first day Hewey had a strong race with 3 finds and 1 back. His range was good, but not as extreme as Lewey's. On day 2 Hewey had three finds, a good range and stamina. He hung the edges nicely. He had a solid performance overall but didn't show as well as Lewey.

Riden High Rudy (Rudy), owned by Ray Nelson and handled by Dan DiMambro, and scouted by Hank Lewis.

On Day 1 Rudy had two finds and one NP. His race was acceptable but not as big as some. He handled well and looked good on his birds.

On Day 2 he had three finds and an adequate race with a tremendous finish. His handle and bird work was consistent with his performance on Day 1.

NON CALL-BACK DOGS

Stoney Hill's Pinnacle Dee (Dee), owned by Kirk Loftin and Meghan Hagedorn, handled by Kirk Loftin and scouted by Sherri Tangsrud.

On Day 1 Dee had three finds including one with an impressive relocation and one NP. Her race was adequate, but she had a rough handle at times. On Day 2 she had 3 NPs and one divided find. She had an adequate race with good style on her birds.

PW BDK's Dot on the Horizon (Dot), owned by Keith and Bobbi Richardson, handled by Rich Robertson and scouted by Nick Thompson.

Day 1 Dot had two finds and one back. She had a really strong race taking the edges beautifully but was pretty "fired up" and had a rough handle at times. On day 2 she had a really strong race and plenty of stamina but three NPs hurt her.

Joke's On You (Buddy), owned by Steve Erickson, handled by Chris Goegan and scouted by Staci Goegan.

Day 1 Buddy had two finds, and one divided find with a big showy race. He had great style and the handler did a superior job showing him, holding him at choke points, and letting him roll unimpeded by unnecessary commands or hacking. On Day 2 Buddy had an extended flushing attempt with no birds produced and it put him way behind. He was gone much of the hour.

AO Tripps to Win (Tripp), owned by Alan Davison, handled by Josh Nieman and scouted by Brandon Blum.

Day 1 Tripp started off with a long absence of over 15 minutes and returned to have a really nice performance. He had five stylish finds with a great race. His application was impressive, and he filled the country with his reach and had a strong finish. He handled well for Josh. Day 2 Tripp was seen for five minutes and then disappeared for the rest of the hour.

Rumel's Augie Doggie (Augie), owned by Jim Yates and Frank Mucci, handled by Dan DiMambro and scouted by Hank Lewis.

On Day 1 Augie had three finds but each time the judges and handler had to ride back to them. His race was erratic and he was gone the last fifteen minutes. On Day 2 handler pulled tracker after an extended absence. It wasn't Augie's year.

High Standing Cuttin Edge (Woody), owned by Anthony and Dayna Rusciano, handled by Dan DiMambro and scouted by Hank Lewis.

Day one-Woody was gone after break-away. Day 2-the tracker was pulled after a long absence.

H's AM Cruiser (Cruiser), owned by Harlan Higgenboth and Chase Verdoorn, handled by Chase and scouted by Mark Verdoorn.

On Day 1 Cruiser was gone for the first 40 minutes and returned to have one find and one back. His race was adequate. He was quick moving and he had beautiful style. On Day 2 he had fast ground speed but was not listening and disappeared early on.

Chicoree's Elvis Aairing Felty (Elvis), owned by Lance Felty, handled by Chris Goegan and scouted by Staci Goegan.

Elvis was soon gone both days.

CLOSING THOUGHTS AND COMMENTS

We had great weather for two days of running, but overnight on the third day a severe storm and cold weather moved in. Hell Creek was safe to cross, and accommodations were made as noted previously. This is not to be viewed as precedent setting.

The judges commented on how much they appreciated the camaraderie and sportsmanship that was exhibited on and off field. They both commented that they really enjoyed themselves.

The number of finds was very good and was improved over prior years. We increased the number and our new bird supplier, Chris Sellers, provided outstanding birds that seemed able to

withstand the severe weather. We did not see dead birds which are often observed after a cold and freezing storm. Korrey and Nick really have the planting down, and it showed.

With our fourth year of running the All-Age Invitational, we can certainly see improvements in support of our objective: to raise the bar for our GSP breed, and for the GSP trainer and handler. The number of dogs exhibiting consistent All-Age range and application has continued to increase, and their overall performance on birds is outstanding. There also seemed to be noticeable overall improvement in the level of control the handlers had over their dogs, which is a necessity to win on these grounds. The handlers seem to be more comfortable with the consistent pace and “show me your dog” philosophies that are a hallmark of all of our Invitationals. Yet there is still room for improvement and as time passes the bar will continue to be raised. The future of the All-Age GSP remains bright, and their impact on the genetics of the GSP Shooting Dog bodes well for the future of our breed.

The most "Prestigious" events in the GSP Field Trial world.

The 2021 NGSPA Open and Amateur Shooting Dog Invitationals!

By Chris Bryant and Keith Richardson

The 2021 editions were the 9th Open Shooting Dog Invitational and the 6th Amateur Shooting Dog Invitational for the National German Shorthaired Pointer Association. The weather for the two events was the best since the Inaugural Open event 9 years ago. It was enjoyed by all dogs, horses, and human competitors.

If you aren't familiar with the Shooting Dog Invitational here is a quick recap of the format:

Only the TOP 12 dogs are invited to the Invitational each year for both the Open Shooting Dog and the Amateur Shooting Dog. The format of the trial is like no other trial you run in and requires three days of running an hour each day to win. Day one the dogs are drawn randomly. On the second day, the dogs are braced so that the first braces yesterday run last and the last braces run first. No dog has the same brace mate or runs on the same course. The third day the judges call back their top dogs to run again for an hour. The trial is designed to test the bird ability, bid ability, range and the endurance of the best of our breed. After the third day of running, a Champion is named.

We ran the Invitational at the Smith Farms in Gentry, MO. The grounds consist of three one-hour courses covering rolling crop land and dense stands of woods which make for some beautiful lines for the dogs to run. The courses really challenged the character and tenacity of even the best of bird dogs. We planted 1,000 quail over the six days of the two trials, and every dog had multiple finds throughout the Championship.

We are more grateful than words can express to Larry Smith and his lovely wife Linda for allowing us to run the Invitationals on their property. Larry campaigns English Pointers and he allows other Championships to be run on his grounds, but no other GSP trials are allowed to use this land.

A huge Thank You goes out to all our sponsors that helped make this trial what it is. Greg Blair and Purina were incredibly supportive, paying half of both Ross Young Oil Paintings, Dog Food for the Champion and auction. Also thanks to Garmin for their latest Alpha 10 Compact Tracking and Training Handheld device. Thanks to Ed Moody and Costa for the sunglasses.

There are a lot of people to thank to make this trial one of the best events in the NGSPA. A huge thanks goes out to Keith and Bobbi Richardson for all their generosity and support, for not just the Invitationals, but everything they do for our sport. Their Executive Assistant, Brittny Habercorn is a huge help behind the scene. Triple J is the wrangler and he always brings some high quality horses for the judges and people to ride. A big thank you to Joe Frauendienst, property manager for the Richardsons, who planted the quail for the second year. He did an excellent job with many multi-bird finds in spots that showcased the work of a good bird-dog. Jon Small was a big help by running the dog wagon. Thanks to the Marshals Larry Smith, Tommy Smith, Terry Bomer, Dan DiMambro. Donna Gladstone and her lovely nieces Mary and Wendy, cooked breakfast and lunch for us each day. Linda Smith cleaned rooms for the judges.

Chris and Keith Bryant and Penny Robertson share in the administrative duties and did a great job.

Not only did Charmayne Hughes prepare wonderful dinners, but she hosted us in a private room at Hughes Bar X in Albany. The gentlemen wear coats and ties while the ladies wear nice dresses or suit-pants for the nightly festivities. We enjoy appetizers, open bar and some of the finest wine out of Keith Richardson's wine cellar. Brownie is our auctioneer. For the second year, Malloy Gamebirds, provided the best flying and strongest birds we have seen at any NGSPA Championship.

2021 NGSPA 9th OPEN SHOOTING DOG INVITATIONAL

The Top 12 Dogs

1. Texas She's Got Legs "Ziva" Owned by Kirk and Terry Bomer, Handled by Keith Gullledge – Defending Champion
2. Autry's Natural Chromoly Steel "Molly". Owned by Heath and Allison Autry. Handled by Josh Nieman – with 2421 points
3. Slate Rock's Mountain Heart "Rommel". Owned by James and Andy Dynkiewicz. Handled by Dan DiMambro – with 1478 points.
4. Chicoree's Riden High Trixie "Trixie". Owned by Jeff Alexander. Handled by Dan DiMambro – with 1282 points.
5. Rumel's Augie Doggie "Auggie". Owned by Jim Yates & Frank Mucci. Handled by Dan DiMambro – with 778 points.
6. Prairie Wind Evolution's Re-Creation "Spike". Owned by Keith and Bobbi Richardson. Handled by Rich Robertson, Jr. – with 720 points.
7. Llano's Game on Greta "Greta". Owned by Chad Inderman. Handled by Josh Nieman – with 612 points.
8. Teton's One Slick Dude "Slick". Owned by Don Lee. Handled by Josh Nieman – with 572 points.
9. Cuttin Wild's Hank "Hank". Owned by Chuck Costa and Tod Tuls. Handled by Jim West – with 572 points.
10. Aunt Troji's Dirty Nike "Nike". Owned and handled by Larry Metter – with 570 points.
11. Hickory Acres All Out Blitz "Blitz". Owned by Scott Weslow. Handled by Chris Goegan –with 532 points.
12. In-Country's Hurricane Jane "Jane". Owned by Dr. Robert Reynolds. Handled by Chris Goegan – with 524 points.

The Judges. The 2021 Open Shooting Dog Invitational was honored to start off with two very experienced and knowledgeable judges: Eli Richardson from Uxbridge, MA, and Talmage Smedley from Farr West, UT. Both are very experienced trialers as well as highly respected judges. Talmage is a professional dog trainer, and Eli is an accomplished amateur with many

Championship placements. Unfortunately, at the end of the first day's running Eli experienced some health issues and the reins were picked up by Larry Smith in a very smooth hand-over. Larry is not only an experienced amateur handler, trainer and judge, but he and his wife own the grounds we run on. Their experience was evident in the way they evaluated the dogs. We really appreciate these three fine men taking time out of their busy lives to help us out.

Special comments made by the judges before announcing the Champion.

The judges called out April Raber for exhibiting an exceptional level of sportsmanship. She went out of her way to help other scouts and handlers in many ways over the three days, and her bright smile and cheerful disposition was appreciated by all. It was also noted that the general atmosphere of the event was one of camaraderie and friendly competition.

Larry Smith, who has been around since the very first Invitational in 2012, observed that we are "light years" ahead of where we were at that first trial. The overall quality of our dogs is much better, the handlers are better and our training programs must be better. He felt this event was the best overall trial with the strongest field of call-back dogs to date.

The judges agreed at the outset that their ideal dog would have a consistent 3-day performance in all key areas: stamina, undiminished power throughout and especially the last 15 minutes of the third day, excellent bird dog, nice-easy "shooting dog" handle.

THE RUNNING

The Champion... Prairie Wind Evolution's Re-Creation "Spike"

After the three days of running, the judges named Prairie Wind Evolution's Re-Creation "Spike" the 2021 Open Shooting Dog Invitational Champion. Spike was handled by Richard Robertson, Jr., and scouted by owner Keith Richardson.

Spike proved to be an exceptional bird dog and judges were impressed with what they called his "definitive" finds. He pointed with "decisive authority". He used the wind with intelligence quickly identifying old scent and moving on, or slamming on point. He pointed his bird's way off and stood with "frozen" intensity through their flight. His nose pointed the way and birds were quickly produced. Relocations were not necessary and there were no NPs. Handler flushed with aggressive confidence and a number of birds flew back over the dog while he remained motionless. The other call-back dogs all had NPs during the three days, and most had some manners issues.

Spike exhibited great stamina all the way through his very last cast with a big powerful shooting dog race, and a smooth calm connection with his handler requiring no intense hacking and very little scouting. He was never "out of pocket" except while taking a distant edge or being found on point to the front. He had quality limb finds every day. The judges were particularly impressed when near the end of the call-back brace both dogs were seen standing, and during the lengthy approach Spike's bracemate aggressively self-relocated resulting in frantic riding and "whoaing", during which Spike remained backing with intensity all the way through the extended flushing process.

When it was all over there was no doubt that Spike had earned the title of Invitational Champion.

Champion's Call-Back Bracemate: Texas She's Got Legs "Ziva"

Ziva was handled by Keith Gullledge and scouted by co-owner, Terry Bomer. Ziva possessed a consistent performance throughout the three days. She was very connected to her handler and they worked as a team while she hunted through the country with an easy-flowing and attractive gait. Ziva was consistent in her application, stayed to the front and proved to be a good bird dog with a smooth moderate range.

Ziva had a lot of finds and exhibited nice style. Her manners were mostly good. She had some NPs and her finds were not "definitive" as those of the Champion often requiring wide-ranging flushing attempts.

Call-Back, Brace 1

Autry's Natural Chromoly Steel "Molly". Handled by Josh Nieman, scouted by owner, Heath Autry.

Chicoree's Riden High Trixie "Trixie". Handled by Dan DiMambro, scouted by April Raber.

The judges felt this was the strongest single brace of the stake. Both dogs were exciting to watch as they ran through the country with good ground speed and power. Both had multiple finds and backs. They were often together as they coursed forward moving with good range, each having multiple finds and backs. Unlike the first two days, both handlers seemed to settle in with relaxed confidence allowing their dogs to show what they could do.

Both dogs had listening problems at times during the first two days, but found birds and exhibited good style. Between these two dogs Molly had the more consistent performance over the three days, and judges said if an Invitational Runner-Up had been named, it would have been Molly. Note: The Invitational rules require that only a Champion may be named and not a Runner-Up.

Call Back, Brace 3

Rumel's Augie Doggie "Augie". Handled by Dan DiMambro, scouted by April Raber.

Augie was big running as he flowed through the country all three days. He showed that he was a talented bird dog by finding lots of birds and pointing them with intensity. At times he had trouble pin-pointing his game resulting in extended flushing attempts and a number of NPs.

His "handle" seemed to improve each day. He was a hand-full the first day, handled better the second day and worked nicely with his handler on day 3. He consistently showed power, and endurance with strong finishes.

Teton's One Slick Dude "Slick". Handled by Josh Nieman, scouted by Heath Autry.

Slick had a find at 4, but checked out at 15 and handler pulled the tracker at 34 ending his bid. The first two days he was described as being "a lot of dog", as he would go missing but then show to the front with strong finishes. At times he turned the wrong way and did not respond to the directional guidance of the handler. Slick had plenty of power and endurance. He pointed a lot of birds and exhibited excellent style and intensity.

The Other Entries

Aunt Troji's Dirty Nike "Nike", was handled by the owner, Larry Metter. Nike had great rapport with her handler, and she was a good bird dog. Her range improved after a slow start, but it was still less than the judges desired. She tended to pull off the edges to check-in with her handler, who often called her back. She may have looked a lot better on the ground if she was allowed "to roll". Her casts were moderate when the lines rewarded a long, confident cast. Nike stood tall on point with exceptional style.

Cuttin Wild's Hank "Hank", was handled by Jim West and scouted by Rhonda Haukoos. Day 1 was Hank's best day. On Day 2 he showed his youth by chasing birds. He is a good bird-dog, moved through the country nicely with plenty of endurance. He showed a lot of promise for the future.

Hickory Acres All Out Blitz "Blitz", was handled by Chris Goegan and scouted by Staci. Blitz was a good bird dog with plenty of finds and nice style on game. His overall performance for the two days was marred by excessive cautioning around birds which implied a mistrust around game.

In-Country's Hurricane Jane "Jane", was handled by Chris Goegan and scouted by Staci. Jane had a strong Day 1 and the judges loved her race, intensity and style on birds. Her bid was ended on Day 2 at 9 minutes when handler picked her up due to injured pads.

Slate Rock's Mountain Heart "Rommel", was handled by Dan DiMambro and scouted by April Raber. On Day 1 Rommel had 8 finds and no NPs. He had good style and lots of power and ground speed. He rapidly covered the ground from bird to bird, but he had a rough "handle". Handler had to ride him down and gather him up four times which detracted from his performance. Overall he displayed more All-Age tendencies than those of a Shooting Dog. He was harder to handle and required more scouting. On Day 2 he went AWOL at 33 and tracker was pulled at the end of the hour.

Llano's Game on Greta "Greta", was handled by Josh Nieman and scouted by owner, Chad Inderman. On Day 1 Greta ran with extreme range and power having a back at 6 and a divided find at 18. She looked really nice on her birds, and she was strong on the ground, but lacked compliance with her handler. After an extended absence handler elected to pull his tracker ending her Invitational bid.

2021 NGSPA 6th AMATEUR SHOOTING DOG INVITATIONAL

The Top 12 Dogs

1. Snowy River's White Out "Willy," owned by Mark & Chase Verdoorn. Handled by Chase Verdoorn – Defending Champion.
2. Hi-N's Hasty Matilda "Matte," owned and handled by Hank Lewis – with 1816 Points.
3. BMB's Madison Ave "Madison", owned by Brandon & Jennifer Blum, and handled by Brandon – with 1212 Points.
4. MSR's Rowdy One "Rhonda", owned by James & Sarah Messer, and handled by James – with 1,159 Points.

5. Hi-N's Bodacious "Bo," owned and handled by Hank Lewis - with 1078 Points.
6. Snowy River Struttin' N Cuttin' "Spur", owned by Chase & Mark Verdoorn, and handled by Chase - with 1000 Points.
7. H's Am Cruiser "Cruiser", owned by Chase Verdoorn & Harlan Higginbotham, and handled by Chase - with 994 Points.
8. PJ Wildfire's Little Lexi "Lexi", owned and handled by Kirk Loftin - with 804 Points.
9. Uodibar's Robbi Jo "Robbi", owned by Sherri Tangsrud, and handled by Kirk Loftin - with 752 Points.
10. Tulli's Shot To The Heart "Cupid", owned and handled by Joe Amatulli - with 736 Points.
11. AO Tripp's To Win "Tripp", owned and handled by Alan Davidson - with 676 Points.
12. BMB's Samsquatch "Sam", owned by Brandon & Jennifer Blum, and handled by Brandon - with 668 Points.

The Judges

Our judges for the 2021 NGSPA Amateur Shooting Dog Invitational were Allen Vincent from Collinsville, OK, and Brian Gingrich from Prewitt, NM. We greatly appreciate these two distinguished gentlemen of our sport spending their time to watch our dogs.

The Marshalls

We appreciate our two Marshalls, Larry Smith and Chris Bryant, who perform a very important job on these challenging grounds.

THE RUNNING

The Champion... Snowy River's White Out "Willy"

After the three days of running, the judges named Snowy River's White Out "Willy" the 2021 Amateur Shooting Dog Champion. Willy is owned by Mark and Chase Verdoorn and handled by Chase and scouted by Mark Verdoorn.

Willy was the first of our breed to win the ASDI two years in a row and after this year he is the first in our breed to win it THREE years in a row!

Over the three days of running Willy showed that he had the stamina, forward race, and range to win the Invitational for the third year in a row. His bird work was flawless as Willy had double digit finds over the three days. The judges noted that Willy had the limb find of the stake on day 1. Willy won day 2 with a strong forward race rimming the bean fields. The judges noted his ground speed and how he would be lost to the front and was found standing numerous times, buried in deep on point with a covey of quail. Day 3, was all about showing the dog's range and Willy knocked that out of the park with a huge forward race and a strong finish. The judges noted that Willy seemed to get stronger and more forward each time he was on the ground, he put together three solid days. With his style and intensity on point, along with his consistent forward race, the judges awarded Willy the 2021 NGSPA Amateur Shooting Dog Champion!

Congrats to Mark and Chase and Willy for winning the ASDI for the third year in a row.

Other Dogs Called Back on Day 3

The judges called back six dogs for the final hour's run on day three.

PJ Wildfire's Little Lexi "Lexi", owned and handled by Kirk Loftin put down three strong days. She was braced with Willy on day 3 as they were the judge's top 2 dogs. Lexi was flawless on her birds with double digit finds over the three days. She was consistent and showed her power to the front while handling great for Kirk. The judges noted Lexi's snappiness on the ground and how broke she was over the three days.

Uodibar's Robbi Jo "Robbi", owned by Sherri Tangsrud, and handled by Kirk Loftin was in brace two on day three. Robbi Jo caught the judge's eyes on day 1 with her ground speed and style on her birds. She also had double digit finds over the three days. The judges noted that her ability to rim the edges and finish a line was impressive. She showed why she is one of the Top 12 Dogs in the country.

Hi-N's Hasty Matilda "Matte," owned and handled by Hank Lewis was braced with Robbi Jo on day 3. Matte showed her ground speed and stamina over the three days. She powered through the country side with numerous finds and had a huge finish on day one. The judges said she had one of the nicest limb finds of the stake on day 2. The judges were impressed with her style on her bird work. She held her high head and 12 O'clock tail through the flush. The judges noted her intensity on each find.

H's AM Cruiser "Cruiser", owned by Chase Verdoorn & Harlan Higginbotham, and handled by Chase was in brace 3 on day three. Cruiser had several finds over the three days and the judges were impressed with his style. They loved his 12 O'clock tail while he ran and his high head on his finds. The judges noted that Cruiser was an edge running machine but ended up being too much dog for the judges.

BMB's Madison Ave "Madison", owned by Brandon & Jennifer Blum, and handled by Brandon was the braced with Cruiser in brace 3 on day 3. Madison got stronger as the trial went on with day 3 being her most impressive day in the judge's eyes. She had double digit finds over the three days while showing a good forward race.

The Other Entries

MSR's Rowdy One "Rhonda", owned by James & Sarah Messer, and handled by James. Rhonda showed plenty of power and range over the two days. She had several finds while rimming the bean fields. The judges loved her ground speed as she worked the edges hunting for quail. She finished both hours strong and to the front.

Hi-N's Bodacious "Bo," owned and handled by Hank Lewis. Bo was in brace 5 on day 1 and showed his ability to power through the country side. On day 2 Bo was in brace 1 and had several finds as he really stretched out and showed his desire. He got stronger each day and the judges thought day 2 was Bo's best day.

Snowy River Struttin' N Cuttin' "Spur", owned by Chase & Mark Verdoorn, and handled by Chase. Spur drew the first brace on day 1 and made several nice forward moves throughout the

hour. He worked the edges and had a bunch of finds. On day 2 Spur once again showed his ability to run the edges. He had a solid two days of running.

Tulli's Shot To The Heart "Cupid", owned and handled by Joe Amatulli. Cupid had her wheels on as she rimmed the edges around the course. She had several nice stylish finds on day 1 and the judges were excited to see what she would do on day 2. On day 2 she had a little mishap and Joe decided to pick her up.

AO Tripp's To Win "Tripp", owned and handled by Alan Davidson. Tripp showed his power and style throughout the first two days. He is a line running machine and he had several finds with a stronger forward race both days. But a little mishap ended his run for an Invitational Championship.

BMB's Samsquatch "Sam", owned by Brandon & Jennifer Blum, and handled by Brandon. Sam was in brace 5 on day one and showed plenty of power and had a nice forward race. On day 2 Sam was in brace 2. He had several finds to the front as he covered the countryside at Smith Farms. Sam was broke on all his finds and handled nicely over the two days. The judges were impressed with his stamina over the two days.

2021 Open Shooting Dog Invitational Champion Prairie Wind Evolution's Re-Creation "Spike" handled by Richard Robertson, Jr., and scouted by owner Keith Richardson.

*2021 Amateur Shooting Dog Champion Snowy River's White Out "Willy"
handled by Chase Verdoorn and scouted by Mark Verdoorn.*

FIELD TRIAL HALL OF FAME

GUIDELINES AND PROCEDURES

PURPOSE:

To identify and honor those persons and dogs, both past and present, whose accomplishments in Field Trial Competition are exceptional, and whose contributions to the sport are outstanding.

CRITERIA FOR SELECTION:

PEOPLE

1. The person must be at least 65 years old.
2. The person should have a significant record as a Field Trial competitor over a sustained period of time.
3. The person should have made a significant and sustained contribution to the sport by “giving back” through donation of time, resources and expertise, (for example: running trials, helping at trials, scribing, judging, providing grounds, encouraging and teaching newcomers, etc., etc.).
4. The person must have exhibited exceptional sportsmanship, integrity, and a history of unselfish giving to the sport.

DOGS

1. The dog must be deceased.
2. The dog must have a distinguished Field Trial record, especially in one-hour Championships.
3. The dog must have a record of producing outstanding progeny, both as a competitor and as producers.

PROCESS OF SELECTION:

Nomination and selection occurs on an annual basis. The nominations open January 1 and close August 31 annually. Any individual may nominate dogs and/or persons. It is the responsibility of the nominating person to all relevant data with regards to the nominees’ accomplishments, which will support why that person or dog deserves to be considered for this award.

Nomination forms are available on the [NGSPA website](http://www.ngspa.org) or from the Committee Chairman. Completed forms and supporting documentation must be received by the Chairman by the first of September (September 1) each year. If a nominee is not selected to enter “The Hall” in the year nominated, the nominee will remain eligible for consideration for two (2) additional years. Thus, a nomination is valid for three (3) years, at which time, it will expire if the nominee has not been selected into the Hall of Fame. Nominations will not be accepted for a nominee that fails to be selected in the first three-year period until a minimum of three (3) years after the expiration of the first nomination.

SELECTION COMMITTEE:

The Selection Committee is comprised of individuals who are selected for their experience, character, and integrity in German Shorthaired Pointer field trials, and in breeding superior German Shorthaired Pointers. Their decision on the merits of nominees is independent and kept anonymous. Each year's Honorees will be announced no later than the first of December annually. Individuals elected to the selection committee will serve a 3 year-term and be eligible for one more consecutive second 3-year term.

INTRODUCTION:

Those selected will be formally inducted at ceremonies held at the Hall of Fame (Bird Dog Museum) in Grand Junction, Tennessee, on the Saturday before the beginning of the Pointer National Championship.

Committee members & their dog(s) are ineligible for nomination to the Hall of Fame during their service on the committee.

HALL OF FAME COMMITTEE STRUCTURAL GUIDELINES

(These reflect past precedents)

- While the GSP Hall of Fame Selection Committee services at the pleasure of the NGSPA Board of Trustees, its decisions regarding inductees are to be totally independent of the board influence.
- It's operational procedures and membership are subject to the BOT approval.
- The maximum size of the committee is 15.

CHAIRMAN RESPONSIBILITIES

- The Chairman will be responsible to advise the Board of Committee resignations, and to present nominees to the Board for Approval.
- The Chairman will serve as the GSOP representative and present the inductees at the official induction ceremony.

FIELD TRIAL HALL OF FAME 2022

NOMINATION FORM

Please note all nominations must be received no later than August 31 of the nomination year. (Nominations are good for three years).

In order to be nominated, dogs must be deceased. Persons may be nominated, living or dead; however, they must be at least 65 years of age, if still living.

FOR DOGS

In order to be considered, a resume that depicts a candidate's complete field trial record in all types of field trial events, the candidate's progeny and their quality. The dog's candidacy should be dependent on his entire competitive career and the quality of his/her offspring.

FOR PERSONS

Persons to be nominated and selected into the GSP Field Trial Hall of Fame, need to have rendered outstanding service to the sport of field trialing, both at a local and national level for a long period of time. They need to have significant contributions that have made a measurable difference in the improvement to the sport of Field Trialing. Activities such as judging, being a club official, breeder, handler and/or a sustained record of breeding German Shorthaired Pointers which have contributed to the improvement of the GSP as a breed. Because this is a great honor to bestow upon a person, the Election Committee needs an accurate and complete biography. Incorrect or misleading facts within the biography will cause the nomination to be denied until it is updated and corrected. I wish to nominate the following person/dog to the 2022 German Shorthaired Pointer Hall of Fame.
